GUESTS WITH DISABILITIES

The Show is committed to making tapings accessible to persons with disabilities. If you or anyone in your party requires an accommodation to attend the Show because of a disability, please let us know as soon as possible before the taping date.

The Show provides accessible seating (including companion seating) at all tapings to guests with disabilities. The availability of accessible seating cannot be assured if the number of guests requiring the accessible seating at any given taping exceeds the allotted number of accessible seating locations. Accordingly, accessible seating may be reserved prior to the taping date by calling 1-818-295-2700 at LEAST 24 hours before the taping date. If you do not reserve accessible seating in advance, accessible seating will be available on a first-come, first-served basis only. Guests with disabilities with confirmed reservations for accessible seating must arrive no later than the designated arrival time on their ticket and check in with an audience coordinator for the Show. If guests with confirmed reservations for accessible seating do not arrive by the designated arrival time, their reservation for accessible seating may be released to others on a first-come, first-served basis; first to guests with disabilities, and then to guests who do not require accessible seating (once all standard seats have been filled).

The Show also provides assistive listening devices at all tapings. Sign language interpreters, qualified readers, and other appropriate auxiliary aids and services may also be provided if a request is made at least 72 hours before the taping date; the Show will make best efforts to accommodate later requests but cannot guarantee availability. In determining which type of auxiliary aid or service to provide, the Show will consult with you to determine

what type of aid is needed to ensure effective communication; however, the determination of which aid or service is necessary to provide effective communication is ultimately made by the Show.

Guests with service animals should call 1-818-295-2700 before the taping date to arrange for sufficient space for the service animal.

Guests are permitted to park in the CBS Television City lot if they require accessible parking due to a disability and have a valid government issued handicap placard displayed. Accessible parking on the lot (including designated large van parking) is on a first-come, first-served basis. If all accessible parking is filled and a guest with a disability cannot make use of another parking spot, alternative arrangements (including drop-offs) can be made to assist that guest.

If you have any questions or require assistance at the taping, please reach out to the audience coordinator or to CBS Pages (who can be identified by their red jackets with a CBS logo).

Arrival and Processing Procedures: Typically, there are two (2) tapings on a tape day, one starting at 12:30 p.m. and one starting at 4:10 p.m. Your ticket will indicate the date and arrival time of the taping.

During audience processing, you will be seated in the audience holding area. You will be asked to remain there for the duration of processing. The audience holding area is covered and has seating for your comfort. A snack bar, restrooms (including accessible restrooms), vending machines, and the CBS Store are located in the audience holding area for your convenience. During processing, you will be asked to present your photo ID and provide the last four digits of your social security number (if you wish to be selected as a contestant). You will also receive a nametag. A CBS Page will review the rules for contestant eligibility and provide other relevant information. Finally, prior to entering the Studio, you will be interviewed briefly by the production staff, which assists in contestant selection.

All efforts will be made to accommodate parties who wish to sit together, but we may be required to split your group up due to seating configurations.
